**Nevada Crime Online**  
The Nevada Department of Public Safety offers this site as a means to view and analyze crime data in the state. It is open to the public, law enforcement agencies, and internal staff, with different levels of security for each type of user. Click on the link that applies to you.  
Crime Data is continuously collected from all law enforcement agencies in the state, validated, and made available for reporting. Reports on this site are updated nightly, so the most recent content is always available. Data may therefore differ from what is published in annual reports such as "Crime In Nevada", as additional information is gathered about crime in earlier years.

# Uploading

- You will generate a summary file from the FBI workbook, save it to a location on your computer and go back to the data repository to upload the text file. Please note: the XML file name must be in the following format.
  - **Agency + Month + Year = CarsonCitySO012019**
- Data submissions will be processed by UCR staff once uploaded into the Repository. Incidents that do not pass the validation process will generate errors and will not be uploaded into the repository.
- Login to the Repository Portal to upload your monthly submission files.

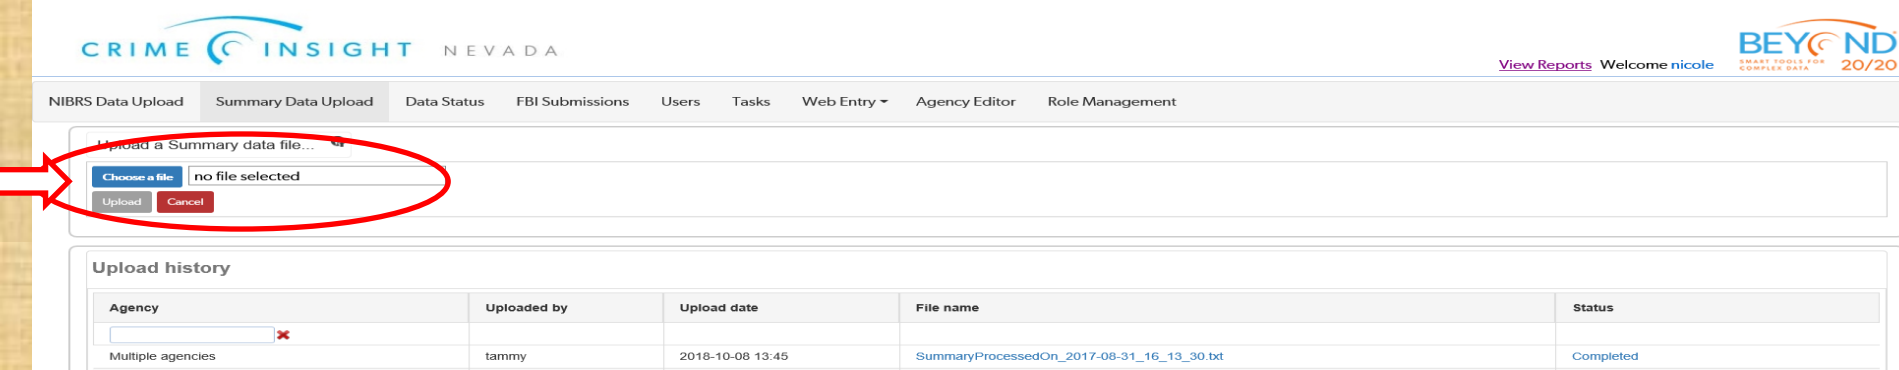

# Summary Upload

- You will click on the Summary Data upload tab, as shown below:

- Then you will click on Upload a Summary data file, which will generate a drop down of different options as seen below:

# Summary Upload Cont.

| Henderson Police Department                       | 18-12758                         | 14          | sum_b_H_090 | error | Hate Crime - Invalid Record Type sequence - The incident cannot be modified because it was not previously submitted. |
| University of Nevada, Las Vegas Police Department | 180215                           | 4           | sum_b_H_090 | error | Hate Crime - Invalid Record Type sequence - The incident cannot be modified because it was not previously submitted. |

# Error Code

- Click on the Error code as shown.

The following 7 errors were found in the file

| Agency                      | Date of report / Incident number | Line number | Error code  | Type  | Description  |
|-----------------------------|----------------------------------|-------------|-------------|-------|--|
| Henderson Police Department | Zero Report                      | 2           | sum_b_H_090 | error | Hate Crime - Invalid Record Type sequence - The incident cannot be modified because it was not previously submitted. |
| Henderson Police Department | Zero Report                      | 3           | sum_b_H_090 | error | Hate Crime - Invalid Record Type sequence - The incident cannot be modified because it was not previously submitted. |

- It will then give you an explanation of what the Error code is:

**Error code sum\_b\_H\_090**

## Hate Crime Errors

### INCIDENT NOT ON FILE FOR REPORT TYPE M

An incident report was submitted with Report Type = M. However, the incident to be modified was not previously submitted.

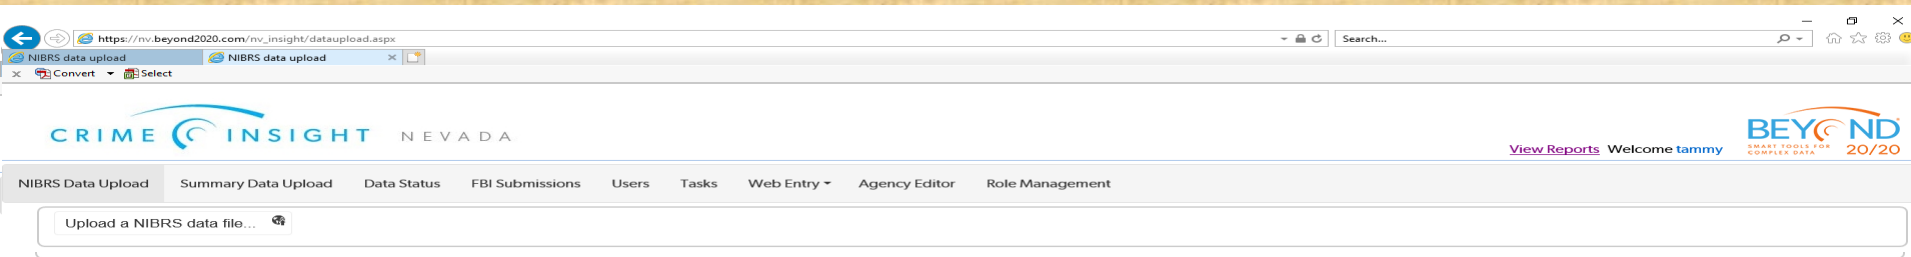

# Summary Upload Conclusion

- Once you have corrected all the errors you will want to upload your document again until you no longer have errors.

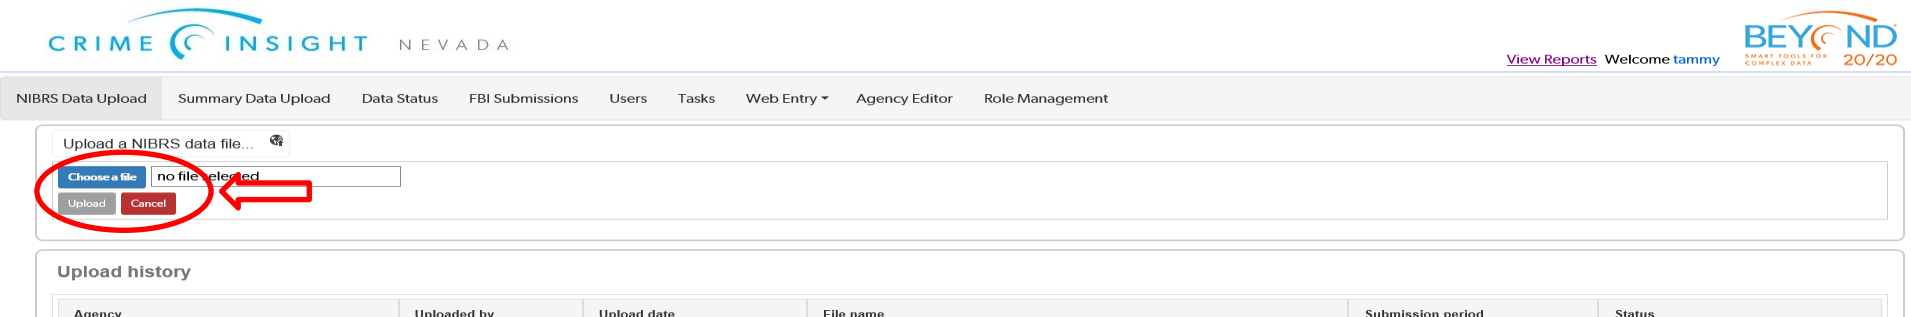

# NIBRS Upload

- You will click on the NIBRS Data upload tab, as shown below:

- Then you will click on Upload a NIBRS data file, which will generate a drop down of different options as seen below:

# NIBRS Upload Continued

- **Choose a file**
- **Upload**
- **Cancel**
- You will then log into your RMS, run a NIBRS report and then save it to a location on your computer; now you will be able to upload your report to the repository.

Upload a NIBRS data file...

Choose a file: 03 2018 Data Entered UCR Carson City SO.xls

Upload

Cancel

- Click the green upload button once you choose your file to upload.
- While the file is uploading, the status will show *pending* while the system validates the file.

# Data Status Continued

- The Reporting Agency Coordinator (RAC) will be required to access the repository at least once a month, to check and correct any outstanding errors for your agency.

- Errors should be corrected and re-transmitted no later than 10 business days after receipt of the error report.

# Incident Editor

- Located under “Web Entry

- You will put your Agency, Incident Type, and Incident Number in the fields shown below and then click “Add”

A screenshot of the Incident Editor form in the Crime Insight Nevada web application. The form is titled 'Incident Editor' and contains three input fields: 'Agency' with the value 'NV0020400 - BOULDER CITY POLICE', 'Incident Type' with the value 'GROUP A', and 'Incident Number' with the value 'DEL0001-11'. Below the fields are four buttons: 'Add' (highlighted with a red circle), 'Delete', 'Edit', and 'Zero Report'. The top navigation bar shows 'Tasks', 'Web Entry', 'Agency Editor', and 'Role Management'.

### Nevada Crime Online

The Nevada Department of Public Safety offers this site as a means to view and analyze crime data in the state. It is open to the public, law enforcement agencies, and internal staff, with different levels of security for each type of user. Click on the link that applies to you.

Crime Data is continuously collected from all law enforcement agencies in the state, validated, and made available for reporting. Reports on this site are updated nightly, so the most recent content is always available. Data may therefore differ from what is published in annual reports such as "Crime In Nevada", as additional information is gathered about crime in earlier years.
