

NEVADA NCS-X PROJECT

National Crime Statistics Exchange

What is NCS-X?

- FBI and Bureau of Justice Statistics leading NCS-X Program
- Incident-based Data on Crimes
- Phase I Focus: Assess the program's viability and implementation costs

Who does it affect?

- All Nevada Counties
- Pilot Agencies:
 - Department of Public Safety
 - Mesquite Police Department

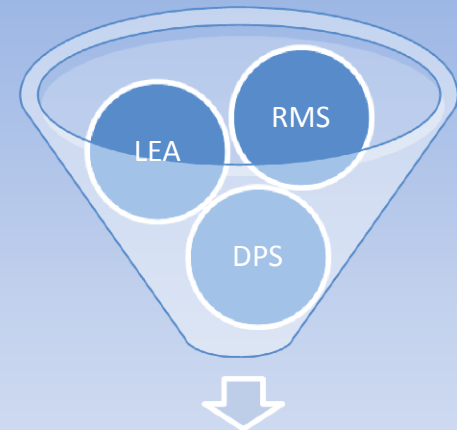

WHO REPORTS:
All agencies report
100% NIBRS data

MONTHLY REPORTS:
One electronic specification report

DATA:
More offenses per incident are
recorded which provides more
comprehensive crime
information

Benefits to NIBRS

- Provides agencies information to plan crime prevention programs and deploy resources with most impact on public safety
- Assist officers in case investigations
- Provide officers with information about incidents occurring on their beat.

National Incident-Based
Reporting System
(NIBRS)
